NOTIFICATION

No 598-H—19th December 1944—The following is republished for general information—

OFFICE OF THE PRIVATE SECRETARY TO HIS EXCELLENCY THE VICEROY.

New Delhi, the 6th December 1944.

No 250-H—His Excellency the Viceroy has been pleased to award the Indian Police Medal to the following officer—

BENGAL.

Name of officer and rank—Babu Rabindra Nath Chatarji, Deputy Superintendent of Police, Mymensingh. Statement of services for which the decoration has been awarded—On the night of the 1st November 1944, Babu Rabindra Nath Chatarji, Deputy Superintendent of Police, Mymensingh, was on way to pay a surprise visit to the Sub-Treasury Guard at Netrakona when he was informed by a constable that one of the Sub-Treasury Guard constables had run amock and having disarmed the Guards was shooting the passersby. It appears that this constable had gone out of his mind. He had stealthily got possession of all the spare ammunition—both ball and buckshot belonging to the Guard and had then taken each of the two sentries by surprise and disarmed them driving away the rest of the guards. He had then started firing wildly. When the Deputy Superintendent, the Officer-in-charge and the constable appeared in the moonlight in front of the Sub-Treasury, the demented constable fired a round—fortunately buckshot—and hit the Sub-Inspector in five places. The Deputy Superintendent jumped on to the Sub-Treasury verandah and took cover behind a pillar. The constable who was in darkness then fired several shots and advanced towards the Deputy Superintendent who edged round the pillar as the constable advanced. The constable, who did not exactly realise where the Deputy was, fired in the darkness and the Deputy Superintendent who could not see him could hear him breathing. The constable fired another shot in the direction of the Deputy Superintendent who fired four rounds from his revolver in his direction. Three of these took effect and the constable fell in the act of reloading. Rabindra then jumped upon him and snatched away his musket. The constable succumbed to his injuries shortly afterwards. Babu Rabindra Nath Chatarji, who is a young officer of only 2½ years' service, displayed remarkable coolness and courage in a very awkward situation. His gallant action was a very fine example to his subordinates.

This award is made for gallantry under regulation (d) (i) of the Regulations governing the grant of the Indian Police Medal.

"Provided that this clause shall not apply in the case of transformers, motors and other apparatus where these are controlled by remotely operated switchgear and where suitable arrangements are made for preventing the remote switch from being closed while men are working on the transformer, motor or other apparatus controlled by the switch, or in case where compliance with this clause would render inoperative the provisions of sub-rules (2) and (3) of rule 62".

In rule 62, sub-rules (3) and (4) shall be renumbered as sub-rules (4) and (5) respectively, and for sub-rule (2) the following sub-rules shall be substituted namely:—

(2) A consumer supplied with energy at high pressure shall provide and maintain a locked weather-proof and fire-proof enclosure of agreed design and location for the purpose of housing the licensee's terminal high pressure apparatus and metering equipment. This enclosure should preferably be in a separate building to the consumer's sub-station or installation but where this is not feasible, the licensee's terminal high pressure apparatus and metering equipment shall be completely segregated from any other part of the consumer's apparatus by fire-proof walls. The licensee shall, at all times, have access to the enclosure for the purpose of inspecting his apparatus.

Provided that in case of disagreement between the licensee and the consumer in regard to the design and the location of the enclosure either party may appeal to the Inspector:

Provided further that installations connected to the licensee's high pressure supply before the 4th December 1943 and not fulfilling the conditions of the sub-rule need not comply therewith before the 4th December 1944.

(3) Where a consumer proposes to use energy at high pressure, he shall not bring the installation to use except with the approval, in writing, of the Inspector, and such approval shall not be given, until the following conditions have been complied with, namely —

steamers navigating in the province of Bengal

(*b*) Total abolition of the present anomalous practice of leaving the khalasis entirely at the mercy of the masters, serangs and drivers who taking full advantage of their ignorance and economic helplessness exploit them to the fullest possible extent

(*c*) Fixation of the minimum salary of the khalasis at Rs 20 per month in addition to usual leave and free pass, etc

The Bill if enacted into law would appreciably solve the growing unemployment problem of the province as the steamer companies normally require a huge number of khalasis and would improve their standard of living
